

# Quality Performance Results

## Quality Performance Results Table

| Measure Number | Performance Measure   | 2012 Reporting Period |                                    | 2013 Reporting Period |                                    | 2014 Reporting Period |                                    |
|----------------|---|-----------------------|------------------------------------|-----------------------|------------------------------------|-----------------------|------------------------------------|
|                |   | ACO Performance Rate  | Mean Performance Rate for All ACOs | ACO Performance Rate  | Mean Performance Rate for All ACOs | ACO Performance Rate  | Mean Performance Rate for All ACOs |
| ACO #1         | Getting Timely Care, Appointments, and Information                                      |                       |                                    |                       |                                    | 84.92                 | 80.13                              |
| ACO #2         | How Well Your Doctors Communicate   |                       |                                    |                       |                                    | 94.61                 | 92.39                              |
| ACO #3         | Patients' Rating of Doctor  |                       |                                    |                       |                                    | 94.23                 | 91.58                              |
| ACO #4         | Access to Specialists   |                       |                                    |                       |                                    | 85.90                 | 83.97                              |
| ACO #5         | Health Promotion and Education  |                       |                                    |                       |                                    | 60.04                 | 58.29                              |
| ACO #6         | Shared Decision Making  |                       |                                    |                       |                                    | 78.23                 | 74.60                              |
| ACO #7         | Health Status/Functional Status   |                       |                                    |                       |                                    | 73.62                 | 71.10                              |
| ACO #8         | Risk Standardized, All Condition Readmissions   | 15.10                 | 15.42                              | 14.39                 | 14.89                              | 14.49                 | 15.15                              |
| ACO #9         | ASC Admissions: COPD or Asthma in Older Adults  | 0.76                  | 1.13                               | 0.89                  | 1.17                               | 0.86                  | 1.08                               |
| ACO #10        | ASC Admission: Heart Failure  | 1.39                  | 1.09                               | 1.37                  | 1.21                               | 1.26                  | 1.19                               |
| ACO #11        | Percent of PCPs who Qualified for EHR Incentive Payment                                 | 74.24%                | 25.70%                             | 89.39%                | 65.03%                             | 96.61%                | 76.71%                             |
| ACO #12        | Medication Reconciliation   |                       |                                    |                       |                                    | 95.58%                | 82.61%                             |
| ACO #13        | Falls: Screening for Fall Risk  |                       |                                    |                       |                                    | 51.15%                | 45.60%                             |
| ACO #14        | Influenza Immunization  |                       |                                    |                       |                                    | 68.26%                | 57.51%                             |
| ACO #15        | Pneumococcal Vaccination  |                       |                                    |                       |                                    | 84.56%                | 55.03%                             |
| ACO #16        | Adult Weight Screening and Follow-up  |                       |                                    |                       |                                    | 47.78%                | 66.75%                             |
| ACO #17        | Tobacco Use Assessment and Cessation Intervention                                       |                       |                                    |                       |                                    | 99.34%                | 86.79%                             |
| ACO #18        | Depression Screening  |                       |                                    |                       |                                    | 5.04%                 | 39.27%                             |
| ACO #19        | Colorectal Cancer Screening   |                       |                                    |                       |                                    | 79.27%                | 56.14%                             |
| ACO #20        | Mammography Screening   |                       |                                    |                       |                                    | 79.57%                | 61.41%                             |
| ACO #21        | Proportion of Adults who had blood pressure screened in past 2 years                    |                       |                                    |                       |                                    | 42.89%                | 60.24%                             |
| ACO #22        | Hemoglobin A1c Control (HbA1c) (<8 percent)   |                       |                                    |                       |                                    | 77.41%                | N/A                                |
| ACO #23        | Low Density Lipoprotein (LDL) (<100 mg/dL)  |                       |                                    |                       |                                    | N/A                   | N/A                                |
| ACO #24        | Blood Pressure (BP) <140/90   |                       |                                    |                       |                                    | 74.96%                | N/A                                |
| ACO #25        | Tobacco Non Use   |                       |                                    |                       |                                    | 88.38%                | N/A                                |
| ACO #26        | Aspirin Use   |                       |                                    |                       |                                    | 89.84%                | N/A                                |
| ACO #27        | Percent of beneficiaries with diabetes whose HbA1c in poor control (>9 percent)         |                       |                                    |                       |                                    | 9.66%                 | 20.35%                             |
| ACO #28        | Percent of beneficiaries with hypertension whose BP <140/90                             |                       |                                    |                       |                                    | 72.14%                | 68.02%                             |
| ACO #29        | Percent of beneficiaries with IVD with complete lipid profile and LDL control <100mg/dl |                       |                                    |                       |                                    | N/A                   | N/A                                |
| ACO #30        | Percent of beneficiaries with IVD who use Aspirin or other antithrombotic               |                       |                                    |                       |                                    | 92.42%                | 80.79%                             |
| ACO #31        | Beta-Blocker Therapy for LVSD   |                       |                                    |                       |                                    | 95.00%                | 82.71%                             |
| ACO #32        | Drug Therapy for Lowering LDL Cholesterol   |                       |                                    |                       |                                    | N/A                   | N/A                                |
| ACO #33        | ACE Inhibitor or ARB Therapy for Patients with CAD and Diabetes and/or LVSD             |                       |                                    |                       |                                    | 78.78%                | N/A                                |
